

# ABBAS KAZMI

• 03322081002 • abbaskazmi305@gmail.com • [LinkedIn](#) • [GitHub](#)

Skilled React.js/Node.js Application Developer with one year of front-end and full-stack development experience. Proficient in creating responsive, pixel-perfect, and cross-browser web applications. Strong background in front-end technologies, back-end development, and AI integration services. Adept at optimizing applications for speed and scalability, with a passion for writing clean and efficient code. Experienced in working independently and collaboratively in team environments. Familiar with AWS services and experienced in Google Cloud Platform.

## WORK EXPERIENCE

---

### Associate Software Engineer, Meissasoft

Nov 2023 - Present

- Developed and maintained high-quality web applications using React.js and Node.js for various clients.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Optimized applications for maximum speed and scalability, ensuring compatibility across various devices and browsers.
- Implemented responsive designs and wrote clean, maintainable, and efficient code.
- Troubleshoot and debugged applications to resolve issues and improve performance.
- Stayed up to date with the latest trends and technologies in web development.

### Frontend Developer Intern, Meissasoft

Oct 2023 - Nov 2023

- Worked on various front-end projects, transforming design files into responsive and cross-browser websites.
- Coded WordPress themes and ensured W3C valid hand-coded markup.
- Improved SEO and load speed optimization for client websites.
