## EDUCATION

### Bachelor of Science in Computer Science Institute Of Management Sciences, Lahore

08/2019 - 08/2023

CGPA 3.80

## WORK EXPERIENCE

### Software Engineer Best Solutions

05/2022 - 06/2023

LAHORE

In my previous role as a Software Engineer at Best Solutions, I was responsible for the development and maintenance of various web applications, primarily focusing on custom solutions for an Embroidery company and a logistics web application. I utilized technologies such as .Net MVC, Windows Forms, and RDLC reporting. My primary responsibilities included: Developing and enhancing the user interface of web applications using DotNet MVC and Windows Forms. Creating and maintaining reports through RDLC reporting. Managing and updating the back-end of web applications, involving SQL Server for database management and integration with the front-end. These projects provided me with valuable experience in tailoring software solutions to meet specific business needs.

#### Technologies / Languages

- Asp .Net Core, .NetMVC, Windows Forms, EntityFramework, ADO.Net, LINQ, JS, Html, Css, Bootstrap, JQuery. RDLC Reporting, AJAX, Verified API, RestApi etc.

### Software Engineer RapidSilicon

06/2023 - P

Lahore

As a Software Engineer at RapidSilicon, I specialize in web development, with expertise spanning both front-end and back-end technologies. My responsibilities include the development, maintenance, and updates of various web applications such as HrPortalRapidSilicon, PrimisAi (built using Docusaurus and React), CGA.RapidSilicon, and the VSCode Extension RapidGPT tailored for hardware design. I leverage a diverse set of technologies including .NET MVC, SQL Server, MySQL, TypeScript for VSCode Extension development, ReactJS, and Docusaurus to achieve these objectives. With a primary focus on enhancing user interfaces, I consistently seek fresh challenges and opportunities for professional growth. My tenure at RapidSilicon has not only provided me with a robust foundation in web development but has also enabled me to contribute effectively to the company's success while continually expanding my skillset.

#### Technologies/Languages

- DOTNET MVC, Sql, Mysql, SSMS, Mysql Workbench, ReactJs, Javascript, JQuery, Bootstrap, .NET Core, AJAX, Docusaurus, VSCode Extension Development
