"Seeking an environment that fosters both professional advancement and personal growth, allowing me to continuously evolve and excel."

## Education

**COMSATS UNIVERSITY ISLAMABAD, LAHORE CAMPUS**

Lahore, Pakistan

B.S. SOFTWARE ENGINEERING

Jun. 2024

• Course: Software Engineering, Object Oriented Software Engineering, Object Oriented Programming, Database Systems, Data Structures, Web Development, Game Development, Software Requirement Engineering, Software Quality Assurance, Software Project Management, Software Testing, Human Computer Interaction

## Skills

**Technical Skills** C/C++, C#, Javascript, Java, SQL, OOP, React, React-Native, Firebase/Firestore, Project Management, Quality Assurance

**Soft Skills** Research and Analysis, Critical Thinking, Problem Solving, Public Speaking, Communication Skills, Conflict Resolution, Team Player

**Languages** English, Urdu

## Projects

**School Operations Controller System:** Adeptly implemented a cutting-edge MERN stack. Basically created a super-smart system that made school stuff run super smooth. Student registration, Login, Dashboard, Admin Panel, Information storage on database. Making sure everything was modern and worked like magic. Was capable enough to break the problem and apply the knowledge of computer science and my skills of development

**Couresfull:** Courses Predictions based on the students previous search history or surfing experience. Successfully created this project. Couple of research will be done on it. Applied prediction functionality using trained models. Have used python for this project.

**Bank Heist:** Inspired from the GTA plot. From designing to the development. Everything will be done correctly. By using technologies Unity Engine, C#. Custom game objects.

**Mr.Helper:** Done FYP of Mr.Helper Revolutionizing the problem. Solved the problem of daily chores using MERN technology. Using the Model-View Controller. State management, Business logic making, api's handling, routing.

## Certifications & Extracurricular

### CERTIFICATE

**Agile Software Development:** Clean Coding Practices

[Linkedin-learn](#)

**Javascript,** Javascript Algorithms and Data Structures

[FreeCodeCamp](#)

**Web Basics,** Intro to HTML, CSS

[FreeCodeCamp](#)

### EXTRACURRICULAR

**Volunteer at Youthie:** Devoted member of the Youthie society, passionately engaging in a myriad of events and initiatives. Played a pivotal role in fostering a vibrant community and contributing to the society's dynamic presence. [CUI-LHR](#)
