## PROFILE

I am a UX/UI designer and Graphic Designer, with a curious mind, I enjoy to meet new people and understand how they are solving problems, this is one of the reasons why I invest my time creating solutions for building brands. (research, design thinking, design system) and talking to people in general, as always can be an opportunity to learn something new. I see it as a chance to improve myself as a professional and put things in practice when I'm creating my solutions.
