## Software Engineer

+92 348 1263605 • abdullah.tariq1159@gmail.com • [LinkedIn](#) • [GitHub](#)

Results-driven Software Engineer with a Bachelor's degree in Computer Science from FAST NUCES, recognized for academic excellence and a track record of developing high-performance applications using the MERN stack. Demonstrated expertise in delivering innovative software solutions, with a keen focus on privacy, efficiency, and user experience. Adept at leading projects, optimizing processes, and collaborating within dynamic teams to achieve exceptional results.

### PROFESSIONAL EXPERIENCE

---

**QBATCH** **Faisalabad, Punjab Pakistan**  
**Associate Software Engineer** **July 2023 - Present**

- Spearheaded the development and deployment of 3+ scalable web applications using the MERN stack, significantly enhancing user experience and performance.
- Pioneered the Proxy Browser project, achieving total user privacy and integrating unique features like extensions and theme settings, surpassing the capabilities of competitors, leading to a 30% increase in user satisfaction and experience.
- Developed a comprehensive Node Express backend boilerplate, setting the foundation for future projects and standardizing development practices within the company, reducing initial project setup time by 50%.
- Experienced in setting up EC2 servers and deploying applications, enhancing deployment efficiency by 20%.

**DEVCLUB** **Remote**  
**Junior Software Engineer** **December 2022 - July 2023**

- Innovatively designed and implemented 2 MERN stack SAAS applications with a strong emphasis on user-centric design and functionality.
- Enhanced application performance by 25% by leveraging Next.js and Vue.js technologies.
- Demonstrated exceptional virtual communication and project management skills while working within a remote team setup, leading to a 15% increase in project delivery speed.

**DEVDEN** **Faisalabad, Punjab, Pakistan**  
**Intern** **June 2022 - August 2022**

- Gained extensive hands-on experience with Ruby On Rails, showcasing adaptability and technical proficiency, resulting in a 20% reduction in development time for subsequent projects.
- Fostered a collaborative and innovative work environment through active participation in team projects, improving team efficiency by 10%.

### EDUCATION

---

**FAST NATIONAL UNIVERSITY OF COMPUTER AND EMERGING SCIENCES** **Chiniot - Faisalabad, Punjab, Pakistan**  
**Bachelor's of Computer Science** **2019 - 2023**

### SKILLS

---

- **Programming Languages:** JavaScript, TypeScript, HTML, CSS, SQL, Python, C/C++.
- **Frameworks:** MERN Stack, SERN Stack, Next.JS, Vue.JS
- **Tool and Technologies:** AWS (S3 and EC2), Nginx, GitHub.
- **State Management Systems:** Redux, Redux Toolkit, Context API (React).

## ADDITIONAL INFORMATION

---

- **Dean's List:** 6 times recognition for academic excellence.
- **Teacher's Assistant:** Assisted in teaching and mentoring students for 3 different courses, demonstrating leadership and subject matter expertise.
- **Professional Development:** Participated in Coding Guru, Daira 2022, Job Fair 2022, and ICIT Conference 2022.
