---

## Profile:

I am a seasoned software development leader with over a decade of experience in delivering high-quality software solutions. My expertise spans leading cross-functional teams and ensuring consistent delivery in fast-paced environments. I excel in aligning technical execution with business goals, mentoring talent, and fostering continuous improvement within Agile frameworks. I am eager to leverage my leadership, technical skills, and strategic mindset to drive successful software product releases and organizational growth.

## Technical Skills:

- **Technologies:** Ruby on Rails, jQuery, Angular, Docker, GraphQL, Node.js
- **Programming Languages:** Ruby, Javascript, SQL
- **Database:** MySQL, Postgres, MongoDB, Redis
- **Build Tools:** Capistrano, CircleCI, Codeship, Github Actions
- **Cloud Management:** Heroku, Digital Ocean, AWS
- **Version Control:** GIT (GitHub, Bitbucket), SVN
- **Project Management:** JIRA, Trello, Basecamp, Asana
- **Office Tools:** MS Office Suite (Word, Excel, PowerPoint)

## Work Experience:

### 10Pearls - Staff Software Engineer

*August 2022 - April 2024*

- Led a cross-functional development team to deliver a Fintech project, ensuring timely delivery and adherence to quality standards.
- Collaborated with stakeholders to align project outcomes with strategic business goals.
- Developed APIs, wrote unit and integration tests, and documented software procedures.
- Focused on enhancing user experience and maintaining application stability through continuous improvement and bug resolution.
- Spearheaded the creation of a Ruby on Rails boilerplate, streamlining new project development and reducing setup time by 30%.
- Mentored junior engineers, focusing on their technical growth and integration into Agile processes.

### Sendoso - Senior Software Engineer

*July 2021 - June 2022*

- Led the support engineering team, implementing processes that improved incident response times by 30%.
- Introduced best practices in Agile development, ensuring smooth and consistent software delivery.

- Integrated multiple third-party applications, enhancing platform functionality and user experience.

**Octek - Senior Software Engineer**

*May 2020 - June 2021*

- Provided technical leadership on a multichannel cloud communication platform, guiding the team through complex problem-solving and project execution.
- Delivered high-quality software products across multiple domains, including e-commerce and communications, under tight deadlines.
- Led the integration of new features and services, ensuring they met both technical and business requirements.

**Connectavo - Senior Software Engineer**

*July 2018 - April 2020*

- Collaborated with product owners to refine requirements and design solutions that aligned with business goals.
- Led Agile ceremonies, including sprint planning, retrospectives, and daily stand-ups, ensuring team alignment and project transparency.
- Managed the deployment and maintenance of web applications, ensuring they were delivered on time.

**Intagleo Systems - Senior Software Engineer**

*August 2016 - June 2018*

- Collaborated closely with clients to gather requirements, translating them into technical specifications for the development team.
- Developed configurable app modules for a multifamily real estate sales software, enhancing the product's flexibility and customer satisfaction.
- Created and documented APIs for mobile teams, ensuring smooth integration and timely delivery.
- Conducted code reviews and mentored junior developers, ensuring adherence to best practices and maintaining high code quality.

**Clustox - Software Engineer**

*October 2014 - July 2016*

**GoodLogics Pvt. Ltd. - Software Engineer**

*April 2013 - June 2014*

**Education:**

- BS(CS) from PUCIT Lahore (2008-2012)
- F.SC. (Pre Engineering) from F.C. College, Lahore (2006-2008)
- Matriculation from Divisional Public School, Model Town, Lahore (2004-2006)
