# HASSAN IRFAN

Highly motivated and detail-oriented computer science graduate with a strong passion for web development. Seeking a position that utilizes my skills in PHP, MySQL, HTML, CSS, JavaScript, and Bootstrap to contribute to the creation of dynamic and user-friendly web applications. Eager to apply my knowledge and continue learning in a professional environment while contributing to the success of a forward-thinking organization.

## EXPERIENCE

### Final Degree Project: Online Notice Board System Website:

**Group Leader**

**Aug 2021 – Sept 2023**

#### Job Description

- Designed and developed an Online Notice Board System website using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented user authentication and authorization features to ensure secure access to the notice board.
- Created a responsive and intuitive user interface using HTML, CSS, and Bootstrap, resulting in an enhanced user experience across devices.
- Developed a backend database using MySQL to store and retrieve notice data efficiently.
- Utilized JavaScript to add dynamic functionality such as real-time notifications and interactive features.
- Conducted thorough testing and debugging to ensure the website's functionality and resolve any issues.
- Collaborated with a team to gather requirements, plan project milestones, and effectively communicate progress.
- Documented the project's technical specifications, user instructions, and system architecture for future reference.
- Manage travel and expense reports for department team members.
