ABOUT ME

Experienced Android developer with a strong track record of delivering successful mobile projects. Dedicated to creating user-centric applications, I leverage my expertise in mobile app development to push the boundaries of technology. Passionate about staying current with emerging Android trends.

EXPERIENCE

Android Developer at TOWER TECH
November 2022 | Present

PROJECTS

November 2022 - Present

Allied School App

Tool and Technologies: Android Studio | Kotlin

Purpose: For Primary and Secondary Students, where they can chose their related class and can view its contents and syllabus

Architecture: MVVM Architecture

https://play.google.com/store/apps/details?id=com.pgc.ebook&pcampaignid=web_share

Explore By PGC

Tool and Technologies: Android Studio | Kotlin

Purpose: Innovative educational mobile application, offering a comprehensive collection of E-books and educational resources for both PGC and non-PGC students. Whether you're pursuing advanced studies or embarking on your educational journey, our app caters to a wide range of subjects and expertise levels, enriching your learning experience.

Architecture: MVVM Architecture

https://play.google.com/store/apps/details?id=com.pgc.ebook&pcampaignid=web_share

Zero Carbon - Connect

Tool and Technologies: Android Studio | Kotlin

Purpose: A solar panel application designed to monitor and showcase the real-time status of zero-carbon (ZC) energy generation

Architecture: MVVM Architecture

<https://play.google.com/store/apps/details?id=com.ttl.zerocarbonzc&hl=en&gl=US>

Prep by PGC - Matric Exams

Tool and Technologies: Android Studio | Kotlin

Purpose: The portal is free for all and caters to the needs of students of all Punjab boards in both English and Urdu medium, and serves updated matric video lectures on your mobile.

Architecture: MVVM Architecture
