Muhammad Waqas

Web Developer

CAREER OBJECTIVE

As an accomplished web developer, I seek to apply my technical prowess and problem-solving abilities in a dynamic setting. I am committed to staying updated on emerging technologies, collaborating with diverse teams, and refining my skills.

EXPERIENCE

BDE (Business Development Executive) - IDENBRID INC, Lahore (01 Year)

Responsibilities and duties :

- Developed and executed strategic plans for business expansion and market share growth.
- Cultivated and maintained strong client relationships, addressing inquiries and ensuring satisfaction.
- Exceeded revenue targets through effective sales initiatives and contract negotiations.

Sales Representative Officer - Jubilee Life Insurance, Lahore (06 Months)

Responsibilities and duties :

- Implemented sales strategies to exceed targets and promote insurance products effectively.
- Conducted comprehensive client needs assessments, offering tailored insurance solutions.
- Maintained in-depth product knowledge and communicated value propositions clearly to clients.

ACHIEVEMENTS

ASP.NET Core Course - Eventure Solution (EVS) Institute(03/2019 - 09/2019)

- Successfully completed an ASP.NET Core course at Eventure Solution (EVS) Institute.
- Acquired in-depth knowledge of ASP.NET Core, a widely used framework for building modern, scalable, and high-performance web applications.
- Applied skills gained from the course to contribute effectively to various MVC projects.

I completed a three-month Artificial Intelligence course at Wise Group of College in Gulberg, Lahore, from June to August 2023.

- **Planning and Coordination:** Collaborate with the organizing team to plan and execute AI-related events.
- **Coordinate with speakers, sponsors, and participants.**
- **Content Development:** Contribute to the development of AI-related content for workshops, seminars, or conferences.
- **Logistics and Operations:** Oversee the logistical aspects of the event, including venue setup, audiovisual equipment, and materials distribution.

PERSONAL PROJECTS

Online Donation Box (Final Year Project)

- Developed an innovative online Donation Box for the final year project.
- Utilized PHP and MySQL technologies to create a robust and secure platform.
- Demonstrated strong project management skills by seeing the project through from conceptualization to completion.
- Implemented functionalities to facilitate online donations, contributing to the success of the project.
