PROJECTS

EMS / HRM

Employee Management System with Admin account who will manage all the data of the employee like salaries, attendance, holidays, after the whole month the salaries will be automatically calculated by the module and slips will be generated at the first date of the new month and every employee has its own account who manages his/her account

WEB-BASE CHAT POP-UP WITH ADMIN ACCOUNT

In this chat pop-up the visitor doesn't have to create his/her account on pop-up before starting the chat with admin/support. Visitor simply starts chat with support person and discusses the details on the pop-up window & shares the data in the form of files like pictures, videos, pdf etc

I-LOG(Inventory-log)/ HRM

Inventory log made for a manufacturing industry named Bells Enterprises. It's a confectionary business which produces multiple items and stores in their main warehouse of head office based in Lahore. Inventory log is very helpful to entrepreneurs, as they permit shops to appropriately store deals and buy records. At the point when stock is blundered, it prompts disappointed shoppers, more slow deals, as well as much money available, and distribution centers
