### PROFILE

Seeking an entry-level position to apply my knowledge of software development, JavaScript, and React.js. Skilled in creating user-friendly web applications and eager to contribute to dynamic and collaborative projects. Dedicated to learning and implementing best practices to deliver high-quality software solutions. Passionate about continuous improvement and driven to stay current with emerging technologies and industry trends.

### EDUCATION

#### University of Central Punjab

Bachelor of Science in Computer Science (BSCS)

2020-2024

#### Punjab Group of Colleges

FSc Pre-Engineering

2018-2020

### PROJECTS

#### E-Commerce Website

Developed a responsive e-commerce website specializing in shoe sales. Implemented user-friendly navigation, product display, and secure checkout functionalities. Utilized HTML, CSS, JavaScript, and Bootstrap for front-end development.

#### Online Home Rentals Platform

Developed a comprehensive property management system allowing users to create and manage listings with photos and categorized feeds. Implemented a booking system with an integrated calendar. Designed a responsive, modern UI using Sass and Material UI.

#### Car Dealership Website

Developed a responsive front-end for a car dealership website using HTML, CSS, and Bootstrap. Designed an adaptive layout for optimal viewing across various devices. Enhanced user experience with interactive car listings and detailed information pages, ensuring a visually appealing and user-friendly interface.
