Experience

- Feb 2023 – Continue 📍 Lahore
 UI/UX Designer
Devsinc
Proficiently executing UI/UX Design for in-house products and client projects, focusing on intuitive and user-centric Approaches. Demonstrating expertise in wireframing, prototyping, and visual design. Collaborating with developers to translate user needs and improve design solutions.
- Sep 2022 – Feb 2023 📍 Lahore
 Associate UI/UX Designer
Hashlogics
Worked as Associate UI/UX Designer and enhanced my skills over multiple fruitful web app and mobile app design projects. Contributed my skills in growing the design department of the company.
- Nov 2021 – Sep 2022 📍 Lahore
 WordPress Developer
Hashlogics
Worked as WordPress Developer in a blockchain development company. Contributed to developing and managing multiple website development projects.
- Apr 2021 – Nov 2021 📍 Lahore
 Graphics Designer + WordPress Developer
Briton Solicitors
I held a dual role as Graphics Designer and WordPress Developer at a UK-based multinational consortium. Engaged in delivering compelling designs and functional web services, ensuring high standards of quality and performance.
- Mar 2020 – Apr 2021 📍 Lahore
 Graphics Designer + WordPress Developer
VITSOL Pvt Ltd
Interned at a startup, then transitioned to a permanent role as a Web Developer and Graphics Designer. Contributed to real-world projects and driving company growth through innovative design and development solutions.
- April 2019 – Sep 2019 📍 Lahore
 Graphics Designer
CM Punjab Office
I served as Graphics Designer and Social Media Manager in the CM Punjab's Social Media Team. Responsibilities included crafting visual content, managing social media campaigns, enhancing online presence, and ensuring brand consistency across all platforms.
